Jan Swafford ' s biographies of Charles Ives and Johannes Brahms have established him as a revered music historian, capable of bringing his subjects vibrantly to life. His magnificent new biography of Ludwig van Beethoven peels away layers of legend to get to the living, breathing human being who composed some of the world ' s most iconic music. Swafford mines sources never before used in English-language biographies to reanimate the revolutionary ferment of Enlightenment-era Bonn, where Beethoven grew up and imbibed the ideas that would shape all of his future work. Swafford then tracks his subject to Vienna, capital of European music, where Beethoven built his career in the face of critical incomprehension, crippling ill health, romantic rejection, and " fate ' s hammer, " his ever-encroaching deafness. Throughout, Swafford offers insightful readings of Beethoven ' s key works. More than a decade in the making, this will be the standard Beethoven biography for years to come.

LIFE AND LEGACY OF A MUSICAL GENIUS. 'We are doubly blessed that Beethoven should have led such an extraordinary life. Laura has combined the two - the genius of his music and the richness of his experiences - to shine a revealing light on our greatest composer' John Humphrys _____ Ludwig van Beethoven: to some, simply the greatest ever composer of Western classical music. Yet his life remains shrouded in myths. In Beethoven, Oxford professor Laura Tunbridge cuts through the noise. With each chapter focusing on a period of his life, piece of music and revealing theme - from family to friends, from heroism to liberty - she provides a rich insight into the man and the music. Revealing a wealth of never-before-seen material, this tour de force is a compelling, accessible portrayal of one of the world's most creative minds and it will transform how you listen for ever.

_____ 'Tunbridge has come up with the seemingly impossible: a new way of approaching Beethoven's life and music . . . profoundly original and hugely readable' John Suchet, author Beethoven: The Man Revealed 'This well researched and accessible book is a must read for all who seek to know more about the flesh and blood tangible Beethoven.' John Clubbe, author of Beethoven: The Relentless Revolutionary 'This book is really wonderful! ... However many books on Beethoven you own, find the space for one more. This one' Stephen Hough, pianist, composer, writer 'In a year when everyone's looking for a new take on Beethoven, Laura Tunbridge has found nine. Fresh and engaging' Norman Lebrecht, author of Genius and Anxiety 'Remarkable . . . she captures the essence of his genius and character. I'll always want to keep it in easy reach' Julia Boyd, author of Travellers in the third Reich

Enlightenment, the French Revolution, and Napoleon shaped Beethoven's political ideals and inspired his groundbreaking compositions. Beethoven imbibed Enlightenment and revolutionary ideas in his hometown of Bonn, where they were fervently discussed in cafés and at the university. Moving to Vienna at the age of twenty-one to study with Haydn, he gained renown as a brilliant pianist and innovative composer. In that conservative city, capital of the Hapsburg empire, authorities were ever watchful to curtail and punish overt displays of radical political views. Nevertheless, Beethoven avidly followed the meteoric rise of Napoleon. As Napoleon had made strides to liberate Europe from aristocratic oppression, so Beethoven desired to liberate humankind through music. He went beyond the musical forms of Haydn and Mozart, notably in the Eroica Symphony and his opera Fidelio, both inspired by the French Revolution and Napoleon. John Clubbe illuminates Beethoven as a lifelong revolutionary through his compositions, portraits, and writings, and by setting him alongside major cultural figures of the time—among them Schiller, Goethe, Byron, Chateaubriand, and Goya.

How hard is it to move 5 legless pianos 39 times? Beethoven owned five legless pianos and composed great works on the floor. His first apartment was in the center of Vienna's theater district... but he forgot to pay rent, so he had to move. (And it's very hard to move a piano. Even harder to move five). Beethoven's next apartment was in a dangerous part of town... so he moved, and the pianos followed on a series of pulleys. Then came an apartment with a view of the Danube (but he made too much noise and the neighbors complained), followed by an attic apartment (where he made even MORE of a rukus), and so Beethoven moved again and again. Each time, pianos were bought, left behind,

transported on pulleys, slides, and by movers, all so that gifted Beethoven could compose great works of music for the world.

This collection features 25 popular pieces, including the Sonata in C-sharp Minor, Op. 27, No. 2 ("Moonlight"); Sonata in D Minor, Op. 31, No. 2 ("Tempest"); 32 Variations in C Minor; more.

An analysis of Beethoven's seminal Ninth Symphony identifies it as a key cultural event that reflected major social upheavals, from the emergence of a dynamic Western world and changes in philosophical perspectives on individuality. Reprint.

Shortlisted for the 2020 Goldsmiths Prize Based on the German composer's own correspondence, this inventive, counterfactual work of historical fiction imagines Beethoven traveling to America to write an oratorio based on the Book of Job. It is a matter of historical record that in 1823 the Handel and Haydn Society of Boston (active to this day) sought to commission Beethoven to write an oratorio. The premise of Paul Griffiths ' s ingenious novel is that Beethoven accepted the commission and traveled to the United States to oversee its first performance. Griffiths grants the composer a few extra years of life and, starting with his voyage across the Atlantic and entry into Boston Harbor, chronicles his adventures and misadventures in a new world in which, great man though he is, he finds himself a new man. Relying entirely on historically attested possibilities to develop the plot, Griffiths shows Beethoven learning a form of sign language, struggling to rein in the uncertain inspiration of Reverend Ballou (his designated librettist), and finding a kindred spirit in the widowed Mrs.

Hill, all the while keeping his hosts guessing as to whether he will come through with his promised composition. (And just what, the reader also wonders, will this new piece by Beethoven turn out to be?) The book that emerges is an improvisation, as virtuosic as it is delicate, on a historical theme.

Beethoven scholar and classical radio host John Suchet has had a lifelong, ardent interest in the man and his music. Here, in his first full-length biography, Suchet illuminates the composer ' s difficult childhood, his struggle to maintain friendships and romances, his ungovernable temper, his obsessive efforts to control his nephew ' s life, and the excruciating decline of his hearing. This absorbing narrative provides a comprehensive account of a momentous life, as it takes the reader on a journey from the composer ' s birth in Bonn to his death in Vienna. Chronicling the landmark events in Beethoven's career—from his competitive encounters with Mozart to the circumstances surrounding the creation of the well-known Für Elise and Moonlight Sonata—this book enhances understanding of the composer's character, inspiring a deeper appreciation for his work. Beethoven scholarship is constantly evolving, and Suchet draws on the latest research, using rare source material (some of which has never before been published in English) to paint a complete and vivid portrait of the legendary prodigy.
