In this primer on nonfiction writing, Andrew Le Peau offers insights he has learned as a published author and long-time editor. In this book you'll find practical advice on how to develop writing skills and strategies that can move writers toward fresher, more vital, and perhaps more beautiful expressions of the human condition. You'll also discover how the act of writing can affect your life in God.

Learn how to get what you want. Learn how to increase your conversion rates. Learn how to make it easier to write anything (using formulas and mind-hacks). The information inside has turned keystrokes from my fingers, into millions of dollars in sales. Some of the concepts inside have been able to turn a poor man, into a rich man, by simply re-arranging some words on a page.

Whether you're an agency writer in need of inspiration, a one-woman-band drumming up work from new clients, an established business trying to get more from that mysterious thing called 'content', or you simply want to persuade your colleagues to adopt your point of view, How To Write better Copy by Steve Harrison will help you write better copy. It starts with the thinking before the writing, and how to create the all-important Brief. Then it takes you step-by-step from how to write a headline to how to get the response you want from your reader. With examples at every stage, and explanations based on both the author's twenty-five years' experience and recent scientific research, this book will help hone your skills - whether you're writing websites or press ads, e-zines or direct mail, brochures or blogs, posters or landing pages, emails or white papers.

In almost any career, you must know how to write—even if it's not part of your job description. But if you are a reluctant writer, producing even the simplest memo may be a struggle. Write Better Right Now is the springboard to get you ahead in any job, passion project, or situation that requires writing skills. No matter what you are called upon to do—blog posts, speeches, web content, press releases, or more—this step-by-step manual gives you the solid techniques you need to get the task done. Write Better Right Now works because it is: Short—It takes a concise approach, from first thoughts to final edits, and its “mix-and-match” structure means you only have to read the sections you need. Practical—It is loaded with summations, short cuts, tips, cheat sheets, and hands-on exercises. Solution-driven—Knowing where you've gone wrong is half the battle. Write Better Right Now offers you the tools to identify your own problem patterns and choose the quickest and most appropriate fixes. You can improve your writing today. With straightforward guidance, Write Better Right Now is the quick read for productive people who need to create clear and crisp communication—right now.

In this wickedly humorous manual, language columnist June Casagrande uses grammar and syntax to show exactly what makes some sentences great—and other sentences suck. Great writing isn't born, it's built—sentence by sentence. But too many writers—and writing guides—overlook this most important unit.

Online Library How To Write A Better Thesis

The result? Manuscripts that will never be published and writing careers that will never begin. With chapters on “Conjunctions That Kill” and “Words Gone Wild,” this lighthearted guide is perfect for anyone who’s dead serious about writing, from aspiring novelists to nonfiction writers, conscientious students to cheeky literati. So roll up your sleeves and prepare to craft one bold, effective sentence after another. Your readers will thank you.

In 2012, fiction author Monica Leonelle made a life-changing decision to learn to write faster. Through months of trial-and-error, hundreds of hours of experimentation, and dozens of manuscripts, she tweaked and honed until she could easily write 10,000 words in a day, at speeds over 3500+ words per hour! She shares all her insights, secrets, hacks, and data in this tome dedicated to improving your writing speeds, skyrocketing your monthly word count, and publishing more books. You'll learn: - The Writing Faster Framework that Monica used to reach speeds of 3500+ new fiction words per hour - The tracking systems you need to double or triple your writing speed in the next couple months - The killer 4-step pre-production method Monica uses to combat writer's block, no matter what the project is! - The secrets to developing a daily writing habit that other authors don't talk about enough - How Monica went from publishing only one book per year from 2009-2013, to publishing 8 books in a single year in 2014 For serious authors, both beginner and advanced, who want to improve their output this year! Write Better, Faster: How To Triple Your Writing Speed and Write More Every Day will help you kick your excuses and get more writing done. As part of The Productive Novelist series, it explores how to hack your writing routine to be more efficient, more productive, and have a ton of fun in the process!

This book guides medical researchers through all stages of transforming their scientific data and ideas into a published paper. Many researchers in medicine, including the life sciences and health sciences, struggle to get their research written and published. Manuscripts are typically rejected and/or sent back for revisions several times before ever being published. One reason for this is that researchers have not received much instruction in the specific subjects and skills needed to write and publish scientific medical papers: research methodology, ethics, statistics, data visualization, writing, revising, and the practicalities of publishing. Instead of wasting the reader’s time discussing trivialities of punctuation, spelling, etc., this book tackles all the major scientific issues that routinely lead to manuscripts getting rejected from the journals. The section “Preparing” covers the range of methodological, ethical, and practical aspects that researchers need to address before starting to write their paper. The section “Analyzing” reviews commonplace problems in the statistical analysis and presentation, and how to resolve those problems. The section “Drafting” describes what to write in all the various parts of a paper (the Introduction, Methods, Results, Discussion, Abstract, etc.) The section “Revising” explains and illustrates how to improve the writing style of any manuscript. The section “Publishing” discusses how to navigate the peer review process and all other practical aspects of the publishing phase. This book draws on the author’s decade of experience as an independent medical writer and research consultant, but it is not written merely as the personal opinion of yet another expert. The entire book is grounded in the existing scientific and scholarly literature, with extensive references and a lengthy annotated bibliography, so readers can quickly obtain more information on any aspect they want. Thus this book provides a more evidence-based, scholarly account of how medical scientific papers should be written, in order to improve medical communication and accelerate scientific progress. After reading this entire book cover to cover, medical researchers will know how to write better quality medical papers, and they will be able to publish their work in better journals with less time and struggle. This book is essential reading for anyone conducting research in clinical medicine, life sciences, or health sciences.

What is expected? What should the thesis consist of? How can the whole process be made a bit easier? How to achieve the best possible result? Working within strict time limits, and under pressure right from the start, what does the student need to do to ensure that the thesis is finished? In How to Write a

Online Library How To Write A Better Thesis

Better Minor Thesis, experienced advisors Dr Paul Gruba and Professor Justin Zobel lay out step-by-step guidelines for writing a minor thesis. Based on decades of working with students undertaking their first piece of research, they take novice researchers through the process of completing a minor thesis from initial steps to final on-time submission. Written in a friendly manner, this concise book—a companion to their senior text on the challenges of research writing, *How To Write A Better Thesis*—will help you to successfully tackle this fresh challenge. *How to Write a Better Minor Thesis* contains sections of condensed material from *How To Write A Better Thesis*, complementing the entirely new material written for minor thesis students.

Have you ever wondered why some people can produce a well-structured, relevant essay written in a style that seems to glide across the page with the minimum of fuss? Do you think some people simply have these skills, and others don't, and that there is nothing we can do about it? This book just might change your mind. Addressing each landmark stage of the essay writing process, *How to Write Better Essays* teaches you how to... • analyse the question and break down difficult terms and concepts • brainstorm effectively and generate your own ideas • evaluate and criticise arguments • express your thoughts coherently and develop your own style of writing • plan and structure your essay from introduction to conclusion ...and along the way, practical techniques show how to analyse, criticise, discuss and evaluate material, improve your style, revise your final draft and avoid plagiarism. This second edition features a unique troubleshooting section allowing you easily to locate solutions to your writing problems, additional chapters on paragraphs and style, and end of chapter summaries. In short, this book is the constant source of assistance and inspiration you need to tackle your essays with confidence!
