The plastic cover is wedged underneath the back metal cover and is held on by a few different schemes, depending upon how old the DS Lite is. One method is two tabs on each side. Gently work the tabs loose without removing the back metal cover. This step is unnecessary unless you're changing the color of the shell.

Journalists, stop playing guessing games! Inside the answers to your most pressing questions await: Videogame, one word or two? Xbox, Xbox or X-box? What defines a good game review? Fitting neatly between The AP Stylebook and Wired Style, The Videogame Style Guide and Reference Manual is the ultimate resource for game journalists and the first volume to definitively catalogue the breathtaking multibillion-dollar game industry from A to Z. Includes official International Game Journalists Association rules for grammar, spelling, usage, capitalization and abbreviations, plus proven tips and guidelines for producing polished, professional prose about the world's most exciting entertainment biz. Exploring the field from yesterday's humble origins to tomorrow's hottest trends, The Videogame Style Guide and Reference Manual contains all the tools you need to realize a distinguished career in game journalism.

The iconic Impossible Mission games by Epyx Inc. enthralled a generation, pitting the player's wits against the diabolic genius of the mad scientist Elvin Atombender in a race against time to save the world! Now in this official guide to Impossible Mission I and II we get the chance to hear from some of the people who both created and brought the games to market such as: Dennis Casswell, Chris Crigg, Peter Filiberti, Mihaly Kenczler and many more. This definitive work contains dozens of chapters, from the history of Epyx the company, the various versions and ports over the years, the in-game music, the ground-breaking synthesized speech, to extensive hints, tips and walkthroughs. Written by established retro computer writer Holger Weßling, and with a foreword by Darren Melbourne who has been associated with many of the games' incarnations.

This is an optimistic and empowering approach to the daunting task of teaching diabetes patients to care for themselves. Written by a highly respected diabetes educator who has suffered with diabetes for 25 years, the guide provides the clinical and personal expertise that will help nurses and other health professionals to successfully teach diabetes self-management and compliance to adults, children, adolescents, and parents. The book contains a vast reservoir of information ranging from a thorough overview of diabetes and the physical and emotional toll of living with the disease to number of teaching and motivating strategies that health care professionals can use to create individualized approaches to teaching self-management skills. The guide provides up-to-date information on drug therapies, nutrition management, exercise, chronic complications, glycemic control, diabetes in children, adolescents, and adults, diabetes in adults with special needs or mental illness, and diabetes noncompliance. Addressing the most important and current topics necessary for successful self-regulation and maintenance of diabetes, this innovative desk reference provides a quick guide and instructional tool for nurses and other health professionals who interact with diabetics. This new edition provides: Clinical guidance and expertise to successfully teach diabetes self-management to adults, adolescents, and children The clinical expertise of a leading diabetes educator and the hard-earned personal wisdom of an author who has suffered with diabetes for 25 years A new chapter on chronic complications that describes a multitude of helpful new treatments A greatly expanded section on nutrition and exercise Thoroughly updated chapters A "must read" chapter on noncompliance, including why this occurs and how to prevent it

The Senior Sleuth's Guide to Technology for Seniors provides an overview of products that help make senior citizens' lives more graceful, independent, invigorating and fun. In this book, the Senior Sleuth will investigate computers, the Internet, and modern technologies related to health and medication management, independent living, communication, travel and transportation, and home entertainment. This lighthearted reference book provides both seniors and their caregivers with a comprehensive look at the types of technologies being produced for their specific needs.

The Rough Guide to Videogames is the ultimate guide to the world's most addictive pastime. Both a nostalgic look at the past and a celebration of the latest in joystick-wrecking wonders, this book covers the full story from the first arcade machines to the latest digital delights. Easy access to 75 of the greatest games of all time, from Civilization and Pro Evolution Soccer to We Love Katamari and World of Warcraft. The guide profiles the stories behind the software giants, famous creators and the world's favourite characters, including Mario, Lara Croft and Sonic the Hedgehog. All the gadgets and devices for consoles, hand-helds, phones and PCs are explored as well as the wider world of gaming, from websites and movies to books.
